Design leader focused on creative ideation and intuitive data visualization

PROFILE

I work with a cross-functional team to design and develop innovative and user-friendly solutions for web and mobile applications. I apply my design management expertise and design background to lead the UX strategy, research, testing, and validation processes, ensuring that the products meet the needs and expectations of the users and stakeholders.

EXPERIENCE

UX Architect, Prometheum
Remote
New York, NY

Apr 2022 - Present

I lead the development and design teams to design and build the Prometheum ATS platforms from; blockchain signing app, trading frontend, dashboard, and smart contract security platform.

Lead UX Designer, DMI
Remote
Bethesda, MD

Jan 2018 - Apr 2022

UX Research and Design, Visual and Interaction Design, and Front-End Development for Web and Mobile Applications, Websites, and Intranets in client-facing consulting roles. Clients; Liberty Mutual, Ford Motor Company, MVP Health, Eli Lilly, Under Armour.

Sr. UX Designer, Three Two Studios
Hybrid
Santa Clara, CA

Jan 2017- Jan 2018

As a UX designer, my primary focus revolved around creating captivating UI designs for both web and mobile applications. I was involved in the entire end-to-end process—from conceptualization to design and prototyping—delivering tailor-made UI solutions that met the unique needs of our diverse clientele.
